

Skills upgrade workshops in French and Mathematics :

Université de Saint-Boniface is proud to announce that it will offer free skills upgrade workshops to graduating grade 12 students from francophone and immersion schools in Manitoba. These workshops are designed to support students in their transition to postsecondary studies.

What subjects will be covered? Participants will review precalculus and French concepts that often present difficulties in the postsecondary context. Registrants will also attend presentations on a variety of subjects directly linked to success in the postsecondary environment (ex.: stress management).

When will the workshops take place? During the day, from Monday to Friday, August 20 to August 31, 2018. Math workshops will take place in the morning, and French workshops in the afternoon. Presentations such as « Stress Management » will take place at various times during the day. A detailed schedule will be sent to all participants registered in the program.

What is the cost? Workshops are free. However, participants must complete the registration form.

How many people can attend? We are accepting 15 registrations per workshop.

May I register for both workshops? Yes, but we request that you indicate your first choice in the event that we are unable to find room for you in both workshops.

How do I register? The registration form will be available shortly and will be sent to schools. The form will also be available online on our website. The registration deadline is August 13, 2018.

Are there eligibility criteria? Yes. To be eligible, you must:

- have graduated from a Manitoba French or Immersion secondary school;
- have received an official acceptance from *Université de Saint-Boniface*;
- have received a final mark of 60 %* in « français 40S » and/or "mathématiques précalcul 40S". **Please note that we will accept registrations from individuals with a final mark that is higher than 70 %, but priority will be given to those whose mark is between 60 % and 70 %.*
